About Me

I am inexperienced but an enthusiastic Full-stack web developer, new to coding but high in determination. Highly motivated and a quick learner seeking to continue improving my coding skills as a Full-stack developer

Professional Summary

Adaptable and responsible web developer capable of writing production-ready code using HTML, CSS, JavaScript, React.Js on the front-end and NodeJs, Express.Js on the back-end to build single-page applications. Looking forward to work in a fast-paced environment and playing a key role in a company's growth. Hope to work in a challenging environment as a specialized MERN stack developer.
